Our Promise

We promise to you that Teltos quartz is of the utmost durability and practicality. In the unlikely event of a defect arising from the manufacture of the Products, in addition to your rights under the USA Consumer Law, Teltos will do its utmost to provide a fair and reasonable outcome to all customers covered by the Teltos Warranty.

Product Appearance, Care and Specifications

The Products are manufactured from natural materials. Each slab is unique and will contain variations in shading, reflectivity, and the distribution and appearance of quartz.

These variations are naturally occurring characteristics of the material. The appearance of each slab will also vary depending upon lighting conditions, placement, and viewing angle.

The Products are manufactured to a thickness tolerance of +/- 1.5mm, with bowing of not more than 2mm over the length or width of the product when properly installed and supported.

The cleaning and care requirements of each Product will vary depending upon its type, colour and finish.
